

Dear Friends of St. Martin's Healthcare,

August 3, 2020

Admittedly, we live in challenging times. However, Noble County does not back down from a challenge. We rally to face difficulties head on. First and foremost, thank you for your commitment to serve others in Noble County. 2020 has been an ever-changing year for everyone. Our clinic and patients have not been immune to additional financial, mental health, and medical pressures caused by the Pandemic. I invite you to learn more about the positive impact St. Martin's has had on Noble County.

St. Martin's Healthcare opened in 2005 and in 2016, expanded to serve Noble County residents. **Currently, 27% of patients served each year reside in Noble County.** Patients receive medical, dental, vision, mental health counseling, and prescription assistance in a caring and professional manner. It is only through the generosity of our community, businesses, and individuals, like you, that we can provide these vital healthcare services to those in need in DeKalb and Noble Counties. We are the only free clinic providing comprehensive care located in these counties. Our mission is to offer quality healthcare to those individuals without the means to provide for themselves

St. Martin's Healthcare and its Noble County Health Task Force has partnered with Wings Etc. of Kendallville to host our **"DINE TO DONATE"** fundraiser this fall. We request your support to make a larger impact to heal the sick and comfort the hurting.

### **How the Dine to Donate Event Works:**

- **Dine with your friends & family on Wednesday, September 16 from 5pm-8pm.**
- **Wings Etc.-Kendallville donates 10% of all pre-tax food and soft drink sales**

Attached is a form with various partnership levels. **Please consider partnering with us for this great evening.** Partners will be recognized and distinguished in all print and online platforms, designating your level of support.
